

ROUILLARD

Creating perfection,
one stitch at a time.

Our seasoned seamstresses, pattern-makers, and upholsterers play a crucial role in our production team, as they have the experience and skills needed to adapt to the requirements of conscientiously selected materials. Most of our chair covers have zippers which make them easy to change or replace, thereby increasing the durability of our products.

Blending the old with the new helps to increase efficiency while preserving the impeccable finish of our products. Every stitch, every cut, and every nail that brings a Rouillard chair to life is the result of our workers' unique savoir-faire and dedication.
