Subject: Finish chart update

Dear customer,

Please note that the K41 finish in HPL will no longer be offered at the same price of the other standard HPL. We have removed the K41 HPL from our Rouillard finish chart, but it's still available on request with price confirmation depending on the project.

The LPL K41 finish is still available at the same price of the other LPL Rouillard standard finishes.

For all questions related to the above please do not hesitate to contact Customer Service, 1 855-459-1954 or by email info@rouillard.ca
