ROUILLARD

WORKPLACE SAVOIR-FAIRE

Passion perfection

At Rouillard, we design and manufacture office furniture that elevates workspaces into inspiring, functional, and adaptable environments. Our unique Canadian expertise and client-first approach ensure that every detail is meticulously crafted – from concept to completion – creating spaces that fit and evolve with your needs.

Made in Quebec, Canada

Local Sourcing

Eco Friendly

ROUILLARD

Choosing Rouillard means being part of the solution - our Canadian-made, locally sourced, responsibly engineered, and durable ergonomic furniture is thoughtfully designed to elevate well-being and transform workspaces.

Canadian Craftsmanship

Proud of its Canadian heritage, Rouillard designs and manufactures all of its ergonomic furniture in Quebec.

Locally Sourced

Rouillard prioritizes local sourcing, partnering with Quebec and Canadian suppliers to ensure high-quality products.

Sustainability at Heart

Rouillard manages waste responsibly, in addition to minimizing waste in the design of its products.

6-Week Production

By leveraging local sub-contractors and in-house production, we maintain the flexibility to deliver within highly competitive lead times.

+ Circular Economy

Metal, wood, foam, and plastic scraps are repurposed with our partners to create new products.

+ Lounge & Furniture

Our lounges, tables, and storage units are made with **100% local materials**.

+ Ergonomic Chairs

80% of our chair components are sourced locally.

Reduce. Reuse. Recycle.

Rouillard complies with the highest industry standards by using high-quality components. All products are designed to stand the test of time, our goal is to offer ergonomic workplace products that are high in quality and durability.

Chair covers and components can be effortlessly replaced, giving our products a renewed aesthetic and ergonomic appeal. At the end of their lifecycle, all elements are designed for easy disassembly, making recycling both efficient and sustainable.
