ROUILLARD

BLOK

Our Blok collection is durable and compact. These architectural cubes can be configured in various ways to create an adaptable lounge system. With perfect squares as symmetrical building blocks, it's easy to create benches or individual chairs, with or without armrests, and the high panels can be used for enclosed spaces with laptop tables. Use our Blok collection to form fully-upholstered lines, groups or islands for layouts that fit a variety of spaces. Power ports can be added to any unit, too. Our Blok collection's pure geometry constructs elegant and interactive communal spaces that will keep your team motivated and comfortably productive.
