ROUILLARD

CLASSIC

With its retro elegance, our Classic collection draws inspiration from the slim-lined, aerodynamic, jet-set stylings of the 1960's. These chairs are ideal for executive, lounge or conference room seating. The Executive version has an adjustable mechanism option, a five-star base with casters and fixed polished armrests, meanwhile the Lounge version uses a groovy four-star auto-return base, has optional upholstered arms and pairs well with a matching ottoman. For a timeless workspace piece, our Classic collection will surely do the trick!
