

COAST

Crafted to combine comfort and safety, beauty and functionality.

COAST

Designed to accommodate any type of workspace, the Coast collection is the answer for your most creative layouts. Upholstered banquettes and armchairs catch the eye with their soft curves, textures, and colours that can perfectly reflect your company's personality. Choose warm wood or modern metal legs, as every part of the Coast collection plays a role in creating a welcoming residential look. Add an acoustic dividing panel to create a private area within a shared space or a cozy break area for your staff. Create an intimate lounge with a swivelling shelf for small or virtual meetings. Regardless of the configuration you choose, Coast artfully combines superlative functionality with optimal comfort.

COAST

Designed with an acoustic dividing panel, COAST Single is the answer to create a private area within a shared space or a cozy break area for your staff. This linear configuration can easily fit in a compact space and gives the possibility of creating workstations, private or relaxation areas. Crafted with an asymmetric panel divider to get the possibility to nest the lounge unit together and create a rhythm with cozy cocoons.
