

Z O A

ZOA

Rouillard's striking, single-shell wood veneer Zoa collection is curved and angled making it an eye-catching piece. With clean lines and a thin-profile, this sculpted chair can be rendered with an angled wood leg base for a more residential feel. Confined yet stylish, Zoa is perfect around coffee tables and lends itself well to comfortable collaborative work environments at regular height or as a taller stool. Available in wood finishes or a white laminate option, the Zoa line is stackable and comes with optional upholstered seats and back pads for even more support. For comfort and ultimate practicality, you can rely on the Zoa collection to improve your workspace!
